ABOUT BURHANI

Established in 1970, Burhani College in Mumbai, India, is a Commerce, Liberal Arts, Management Science, and Life Skills institution founded by His Holiness Dr. Syedna Mohammed BurhanuddinRA and continued under his successor, His Holiness Dr. Syedna Mufaddal SaifuddinTUS. Managed by the Burhani Education Society, the college embraces a mission of "Knowledge for All," offering Junior and Degree College programs in Commerce, Arts, Mass Media, Management, and Life Skills. Rooted in the Dawoodi Bohra Community's 1400-year legacy of championing education, Burhani College combines tradition with modernity to empower students, particularly girls and marginalized groups, with holistic education that fosters intellect, leadership, and values like humanity, justice, and global harmony. Situated centrally in Mumbai's educational hub, the college provides a nurturing environment for academic and personal growth.

ABOUT EVENT

Technovation, organized by the Computer Science Department, is an exciting and dynamic event designed to bring innovation, skills, and fun together under one roof. The event features a variety of thrilling activities, including BGMI Games for gaming enthusiasts, an intense Hackathon to showcase coding skills, and the adrenaline-filled Code in the Dark challenge. Participants can also test their knowledge with engaging Quizzes and sharpen their decision-making skills with the fast-paced Quick Think competition. With numerous amazing prizes up for grabs, Technovation promises to be a platform where creativity meets competition, offering an unforgettable experience for all attendees.
